

Canberra. The model city. Gleaming glass and concrete. The trees, the nice roads, the tidy streets. The poor? the homeless? Oh no, Canberra doesn't have those. Canberra is a TIDY town. Can't have them messing the place up. After all, we have to keep it looking good for the tourists. Even if that does mean people having to take second place to alienating architecture...

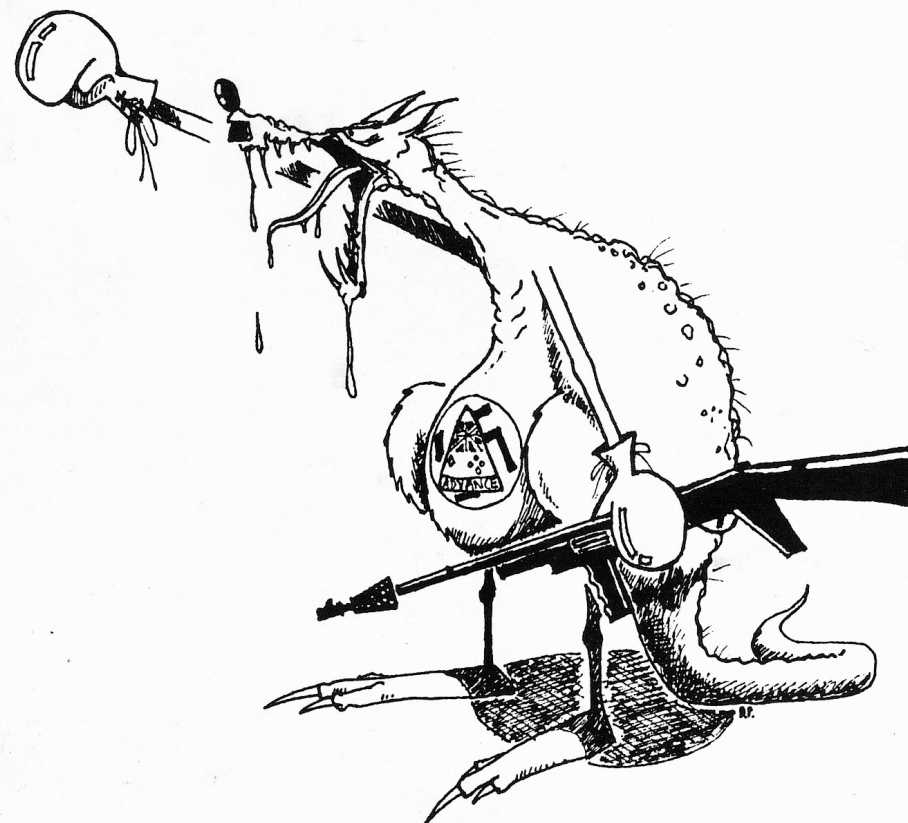

If you're sleeping outside tonight, take heart in the fact that \$439 million is being spent on building the new parliament house so that those that deny you shelter can do so more efficiently.

DREAMTIME GONE WRONG

THE DREAMTIME NEVER SPOKE
OF WHITE MEN IN GREAT WHITE SHIPS
WHO THOUGHT THEY COULD TAKE THE LAND
BECAUSE NO FLAG HAD BEEN FLOWN THERE BEFORE
AND THE PEOPLE SOON FOUND OUT
THAT THE LAND WAS NEVER THEIRS
THEY HAD NO SCRAPS OF PAPER
AND BRITISH LAW WAS VERY FAIR
SOON THE MISSIONARIES ARRIVED
TO TEACH THE CHRISTIAN WAY OF DEATH
WHITE DISEASE SPREAD THROUGH THE LAND
AND THE PEOPLE SLOWLY DIED

THE LAND HAS BEEN STOLEN
BY CORPORATE PROFIT MAKERS
WE MUST TAKE IT BACK
WE'VE GOT TO FIGHT FOR OUR FREEDOM

AND SOON ALL THE USEFUL LAND
WAS BEING FARMED OR BEING MINED
THE PEOPLE HAD BARREN RESERVES
PRISONERS IN THEIR AGE-OLD LAND
NOW THE PEOPLE SIT IN A CIRCLE
UNDER A TREE IN THE NICE NEW PARK
AND SLOWLY NUMB THEIR MINDS
TO THE SORROW OF THEIR LIVES
THEIR LAND IS STILL BEING STOLEN
THOUGH THEY'RE FIGHTING FOR THE SCRAPS
AND THE FIGHT MUST SOON BE WON
OR THERE WILL BE NOTHING LEFT

The massacres have not ended. People are not being rounded up and killed, but far more subtle methods are being used. If you take the people from their land and homes they will die. The mining, pastoral, forestry and tourism bodies are doing this every day of the year in Australia. But more importantly, as this land, its animals, fish, birds and insects, its plants, the water and sea, the rocks, the sky and in fact all things are a part of us as we are a part of them both physically and

spiritually, then to destroy all this — the environment — is to destroy the people. Massacre!

Remember, you are not responsible for the actions of your ancestors but you are responsible for the perpetuation of the monstrous acts perpetrated on the Aborigines and their land.

ON AUGUST 9, 1945, Major Sweeney piloted an American B-29 bomber over Kokura on the Japanese island of Kyushu but, finding it obscured by smoke and haze, turned south toward Nagasaki. On that day the second atomic bomb, code-named 'Fat Man', dropped from 29,000 feet and at 11.02am exploded 1,500 feet above the northern part of Nagasaki, more than 1,600 metres from the intended target in the harbour area. Everything within a 1,600-metre radius of the epicentre of the bomb was flattened, and according to Japanese records 73,900 people were killed and some 76,800 injured. The unimaginable explosion with its sudden intense heat of a thousand suns struck down men, women and children, skinning them alive, burning into their flesh, sucking out eyeballs and bursting bellies and penetrating deep into the marrow of their bones.

A SMALL DOSE OF ANTICIPATORY RETALIATION

For Peace or Death

In the colorful processions, amid the rainbows of banners and posters, it is the stark white masks that arrest the eye. For some demonstrators, white represents the effect of nuclear radiation upon the human body. Others find the color appropriate because it is the symbol for death in some Eastern and African societies. And in Western culture, white traditionally has stood for virtue—and peace.

PUNK AND pissed

all the time: the final delusion

You go to a gig and you wonder what for
'Cause it's the same old people throwing up on the floor
The boys are being macho the girls are painted just right
It's the same old sexist crap all fucking night
The music's blaring out but no-one really cares
'Cause they're all acting so tough and giving others evil stares
The balding clones are showing muscle and claiming that they rule
But anyone who'd take them seriously is more than a fool

Chorus:
Punk and pissed all the time, it's just an illusion
They think they're changing something, it's the final delusion

Apathy and hatred pissed and drugged again
The stench of this stagnation is fucking up my brain
You get to wonder what the point is what is punk about?
Have they ever given a thought to those things they shout?
They think they're being radical but it's going on everywhere
The only thing that's different is the costumes they wear
It's society in miniature with its own oppression and police
Where men are men and women are silent
And we've all learned how to BLEEEEEAT

Chorus:
Trying to be positive in a scene where no-one cares
Turning anger into action instead of blind despair
How many times does it have to be said?
Punk is something positive but your upathy has killed it dead

Chorus:
Is there anyone out there in all that confusion
Who wants to crawl from that sterility and grab a better future ???

WHAT IS WRONG WITH THE

WHY CAN'T THEY CONFORM

WE KNOW IT'S A LIE

THEY FORCE US TO LIVE WITH THE THREAT OF A WAR
THAT WILL BE MUCH WORSE THAN ANYTHING BEFORE
NO ONE DOUBTS 'CAUSE THEY SAY YOU WONT DIE
BUT WE KNOW THAT'S JUST ANOTHER OF THEIR LIES

THEY BUILD A BOMB TO BLOW CITIES OFF THE MAP
WHAT HOPE HAVE YOU GOT TO SURVIVE THAT?
BUILD A LITTLE SHELTER AND HOPE FOR THE BEST
BUT WHAT'S GOING TO HAPPEN TO ALL THE REST?

THEY'RE GOING TO DIE IF THERE'S A NUCLEAR WAR
LIKE THOSE AT NAGASAKI BUT MANY MILLIONS MORE
LIVING WITH THE THREAT OF A NUCLEAR HOLOCAUST
AND OF THE MILLIONS OF LIVES THAT WOULD BE LOST

WHY DONT YOU QUESTION? WHY DONT YOU ASK WHY?
'CAUSE IN A NUCLEAR WAR YOU'RE GOING TO DIE
LIVING WITH THE THREAT OF A NUCLEAR ATTACK
WHAT HOPE HAVE YOU GOT TO SURVIVE THAT?

THERE'S NO HOPE OF SURVIVAL - LOSS OF COUNTLESS LIVES
FUCKING POLITICIANS IN THEIR BUNKERS WILL SURVIVE
THE DEATH OF MILLIONS WILL BE BLOOD ON THEIR HANDS
AND ALL THEY WILL HAVE LEFT IS A CHARRED LIFELESS LAND

HOW COULD THEY THINK OF A WAR?
THAT'LL CAUSE THE DEATH OF MILLIONS MAYBE MORE
THERE'S NO HOPE IN A NUCLEAR ATTACK
NO WAY TO BRING LIVES BACK
HOW COULD THEY THINK OF A WAR?
THAT'LL BE WORSE THAN ANYTHING BEFORE
THEY SAY YOU WILL NOT DIE
BUT WE KNOW THAT'S A LIE.

The Pentagon was cited as the Government branch that most consistently muddled the meaning of words.

In Pentagonese, peace was defined as a "permanent pre-hostility situation", combat as "violence processing", civilian casualties as "collateral

damage", and the Granada invasion as "pre-dawn vertical insertion".

The council's first prize for deformation of the English language went to the State Department for deleting the word "killing" from its human-rights reports.

It has been replaced by "unlawful or arbitrary deprivation of life".

The council said the office of the director of civil-aviation security was also showing signs of mastering newspeak by calling aircraft crashes "uncontrolled flights into the ground".

In one week Mr Bielke-Petersen's government has presented legislation to parliament containing powers for police and government security guards to detain people without arrest for offences such as not supplying proof of identity.

It was the third and fourth time in less than a year that the Queensland Government had tried to introduce legislation including provision for detention without arrest.

The provision popped up again in the Queen Street Mall Act.

Section 35(3), allowed police to detain any persons on the mall who could not prove their identity, for an unlimited time until police had established their real identity.

The president of the Queensland Law Society, Mr John Wadley, described the section as the type "normally associated with totalitarian countries".

Although Section 35(3) was dropped, lawyers expressed concern about other sections which allowed police to keep a person in custody without a time limit for finger, toe, palm, foot and voice prints.

Government ministers and some backbenchers expressed the private view that "a crypto-fascist, probably working within the legislation drafting office, was slipping in the arrest without warrant and unlimited detention clauses to give police stronger powers or to embarrass the Government".

Many lawyers and the Civil Liberties Council point the finger at the Police Department.

The President of the council, Mr Terry O'Gorman, says the Police Department has been trying for years to introduce detention without arrest.

"It is the style of the Police Department to introduce such a provision quietly into a seemingly innocuous Bill and then by amendment spread it to other more important Acts," he said.

The Government was sensitive to the freedom-of-speech issue because only days before the Leader of the Opposition, Mr Wright, had officially complained to the Minister for Police, Mr Glasson, and the Police Commissioner, Mr Terry Lewis, about the presence of five Special Branch photographers at a

peace rally.

Mr Wright said he had been warned not to take part in the rally, one of many around Australia, with people ranging from church groups to punks and the Socialist Party, because of the Special Branch surveillance.

Mr Hinze during his news conference yesterday.

WHAT SORT OF JOBS DO WE WANT ANYWAY?

It's not just uranium-mining which is unsafe and unpleasant work. Too much of the work that people do is made unsafe, because the bosses and owners (companies overseas) are more interested in their own profits than what happens to the workers. But uranium mining is a really bad case, as the deaths of miners at Radium Hill and Rum Jungle have started to show. Did people mining there really know the risks? Do the workers at Roxby know? Rural development could take directions which were more related to the working people than the companies that make the seeds/fertiliser/machines. In wind and solar power the \$50 million given by the S.A. government to the Roxby mine owners alone could generate 200 more jobs than there will be at Roxby, without the need of one-and-a-half billion dollars of foreign investment.
