## **Some Notes Towards a Black Theory of Insurrectionary Anarchy**

**This essay is dedicated  
to the memory of our  
revolutionary elder,  
theorist, and warrior  
Russell Maroon Shoatz**

This essay was inspired partially by one of our comrades while we were discussing the failures of non-violence as a tactic and philosophy. She said something along the lines of “I was raised by radicals from the 1960s and 1970s. If you were a Panther and you got caught, you were doing something wrong”. The zine is a product of a variety of conversations among Black anarchists in the post-George Floyd rebellion although many of these strands of thought have existed prior to this moment. We have three questions we hope to address in this zine.

What would an insurrectionary anarchist position thoroughly rooted in black radicalism and black revolt mean? How does the current white insurrectionary anarchist milieu fail? How can Black revolutionaries extend the insurrection?

### **What is Insurrectionary Anarchy?**

To those who are unfamiliar, “anarchism” does not mean “chaos” nor does “insurrection” mean “mindless destruction”. Anarchism is the concept of social self-rule etymologically translating from “anarkhos” in Greek meaning “no rulers”. Therefore, In the words of Elder Lorenzo Komboa Ervin, “Anarchists are social revolutionaries, who seek a stateless, classless, voluntary, cooperative federation of decentralized communes-based upon social ownership, individual liberty and autonomous self-management of social and economic life”. When we discuss insurrectionary anarchism, we are discussing a tendency within the anarchist movement that focuses on insurrection as the primary revolutionary practice. Insurrection meaning, the social phenomena of unmitigated rebellion; the forceful redistribution of private property, land, and justice by the unsettled masses. The concept of attack and constant conflictuality with hierarchical forces is central to insurrectionary anarchism. Insurrectionary anarchists do not believe that we can simply “dual power” or “vote” our way to freedom. The institutions which currently uphold racial capitalism and all other forces of domination must be smashed. There can be no revolution without revolutionaries who must be engaged in taking militant actions against the State and Capital. Finally, insurrectionary anarchists value the self activity of the masses as important. While not neglecting organization, insurrectionary anarchists understand that insurrections as a revolutionary phenomenon are social, not military. The self activity of the exploited and the oppressed drives revolution, not the actions of Leninist parties or so-called revolutionary unions. Insurrectionists emphasize the informal nature of revolution and organization. The revolution to destroy this world happens from the bottom up and includes all or does not occur at all. We define the terms of insurrectionary anarchism here before we launch into our critique to clarify for readers who are unfamiliar and to avoid any confusion.

## **Towards a Black Insurrectionist Anarchy**

*It is our duty to fight for our freedom.*

*It is our duty to win.*

*We must love each other and support each other.*

*We have nothing to lose but our chains.*

- Assata Shakur

### **The Critical Moment**

It is imperative that we develop a Black insurrectionary anarchist position. The history of Black struggle in this kountry is a history of revolt by any means necessary. It is a history of constant attack by the Black masses against the capitalist and colonial powers which enslaved Black people. 2020 reminded many of us of this history and legacy. Despite this, many Black liberals hope to erase the George Floyd rebellion from our memories. Many on the Black “Left” hope to do the same so they can suck us into the same 50 year old organizations that have failed to produce anything other than symbolic protests and useless conferences.

### **Our History**

Going even further, many on the more reformist and authoritarian ends of the Black Left wish to reduce the history of Black people and Black radicals down to simply formal organization. Despite lifting up figures such as Assata, they label any sort of Black rebellious activity as “too fast” or “not ready” or complain about the ultra-left “ruining” their plans for revolution despite the rebellious actions of Black youth in the summer of 2020. They do not want black people to study the Black Liberation Army’s tactics. They wish to erase Kuwasi Balagoon and his rebellious ways. They wish to erase how Assata Shakur was liberated. They wish to erase the general strike of the Slaves. They wish to ignore the Maroons. They just want us to participate in their reformist campaigns to “Defund the Police” or “Community Control of the Police”. The Black insurrectionary must reject these positions.

### **The Coming Insurrection**

We seek unmediated and uncompromising conflict with State and Capital. It is abundantly clear that last summer, the Black masses proved they were uninterested in “Defund” or “Community Control” instead opting to fight cops and loot businesses. We reject non-violence and compromise. In the words of Elder George Jackson, “We must accept the eventuality of bringing the U.S.A. to its knees; accept the closing off of critical sections of the city with barbed wire, armored pig carriers criss-crossing streets, soldiers everywhere, tommy guns pointed at stomach level, smoke curling black against the daylight sky, the smell of cordite, house-to-house searches, doors being kicked in, the commonness of death.” We all saw the Third Precinct in Minneapolis burnt to ashes. We reject “tactical” arrest. We reject symbolic protests

and marches that continually lead to more violence from the police with nothing in return. We share a fundamental belief that the Black insurrectionist should seek to dismantle all oppressive systems even within the so-called “radical” organizations and scenes. Living anarchy means living by principle. Living by principle means we dismantle systems (as best we can) in this world at this moment.

### **The Importance of the Attack**

Although there have been some formations such as Salish Sea Black Autonomists which have linked Black radicalism and insurrectionary anarchy, we feel that it is continually important to point to how attack and conflictuality are central to any serious Black anarchist politics concerned with revolutionary change. With the resurgence of interest in Black anarchic forms of radicalism with the works of William C Anderson, Zoe Samudzi, the Anarkatas and Lorenzo Kom'boa Ervin, we think it is important that Black anarchists do not fall into the trap of believing that only prefiguration will be enough for revolution. We must physically attack the white power structure by any means necessary. Simply building Black owned co-ops is not enough. While we believe the work of the people in Cooperation Jackson is important, it is insufficient to simply build co-ops to “opt-out” of capitalism when the reality is that the State could easily repress these “communes” through laws or through just sheer force. There is no way out of this capital nightmare, but through relentless attack, struggle, experience, and introspection.

### **On so-called “Mutual Aid”**

We find that the resurgence of “mutual aid” as practice is important for us to criticize. A lot of “mutual aid” work being done is in reality just redistributive work with a radical label. While we are not opposed to this type of work on principle as it helps build relationships between revolutionaries, the issue is that real mutual aid as a concept is more present in black queer communities doing GoFundMes for one another than in radical organizations doing what amounts to leftist branded charity. We posit, if the act of mutual aid does not contribute to the development of a revolutionary subsistence economy, then it is not “mutual aid” that is inclusive of society and must be criticized. Unfortunately, most “mutual aid” that happens now is not mutual in nature. Further than that, it does not confront power. We believe the the mutuality of mutual aid is critical as well as an insurrectionary element. For instance, many on the Left have dismissed the mass looting that happened in 2020 as the actions of criminals or as “not political” while in fact, Black people liberating resources and commodities from corporations is far more revolutionary than much of the “organizing” done by leftist or abolitionist formations in this kountry. Expropriation from the capitalists will create the basis for our subsistence economy. We must think of the revolutionary bravery and solidarity these acts inspired as we look toward militant property, land reclamations, and capital expropriations in the future. We should look more toward these types of examples of mutual aid as opposed to a more charity-NGO driven model. Our critique of mutual aid is similar to our critique of “dual power” or the “solidarity economy”. Alone, mutual aid is not enough to confront and destroy capital. We cannot simply “opt-out” of capitalism.

We must become ungovernable. The Black Communes must arise out of the Black insurrection as we learn from our elder Lorenzo Kom'boa Ervin.

## **Against White Insurrection**

*We dedicate this section to the memory of Antonio Mays Jr who was murdered by a white leftist at the so-called CHAZ. We also dedicate this section to Michael Reinhoel, Eric G. King and David Gilbert. We encourage white revolutionaries in amerika to follow your revolutionary examples. If there is to be a revolution realized there must be less talk, more action.*

From our vantage point, the insurrectionary anarchist milieus in the United States are mostly white in composition and analysis. Their racial analysis does not really recognize the insurrectionary capabilities of the Black masses, and their attempts to are often festishizing. Most insurrectionary anarchist analysis and theory focuses upon Europe as the primary example of revolt. When the insurrectionary milieus such as the white boys at Ill Will do focus on Black revolt, they downplay the racial dynamics of the riots by labeling everything as “multi-racial”. Without a proper understanding of the experience of being Black, there can be no understanding of how to nurture the Black revolt beyond its infant stages. Needless to say, this experience and leadership must be led by those living between the margins of racial capitalism; women, trans-folk, lesbian, gay, and other sexually and racially oppressed groups. Beyond that, we understand the youthful character of the insurrection as those young-people living in our cities have the most to gain from the beginning stages of our revolution. While the character of the 2020 George Floyd rebellion was not limited to just Black people participating, the white insurrectionists seeking to universalize the black revolt are the “All Lives Matter” types of the anarchist movement.

We risk being accused of perpetuating the “white outside agitator” myth by writing this essay but the reality is that whiteness and anti-Blackness continues even during a riot and after it. It is anti-materialist to ignore these realities by suggesting that once we all get into street, all of our actions are the same in the eyes of the State. These white insurrectionists fail to grasp how their own whiteness continues to exist within and beyond the riot, instead opting to believe that race is magically transcended when they smash a window. White insurrectionists fail to engage with the long histories of Black insurrectionary history in this kountry by trying to import strategies and tactics from other revolts here into the United States...please shut the fuck up about France. This is not to say there are not elements of struggle in places like Palestine and Rojava or Central & South amerikan struggles against the state and police. Our oppression is similar in form and structure and so, our methods of resistance will also be similar. Indeed, we believe white insurrectionists have very little to teach us about our struggle. For instance, the fear and critique around guns at demonstrations that emerged last summer from a number of “anarchist” publications and report-backs speaks to this. Armed struggle has always been a part of Black insurrectionary activity.

Further, it makes absolutely no sense to struggle against state and fascist violence using lesser means of violence compared to their own.

Let us remember, amerika has the largest amount of civilian arms available to public citizens in the “developed” world. In fact, armed struggle is a core part of this kountry’s founding documents and cultural development. We plan on using every element of amerika’s creation to destroy it. Why is it not asked why George Washington, Lincoln, even Stalin, Mao, and white anarchists across the world, utilize(d) armed struggle? There are no changes to power or domination, but with force. Intuitively, we are well aware of the existence and “doomsday preparation” of far-right militia and fascist cells that are intent on furthering our extinction. We are also aware of the infiltration of these accelerationist fascists into our so-called federal, state, and local law enforcement agencies and the national military. Therefore, we will wage war against white supremacy on all fronts. The white left may believe that either we have a death wish or that our lives are dispensable and we are intent on proving otherwise.

The white anarchists handwringing about “symmetrical warfare” or “horizontal violence” reflects a, perhaps willful, misunderstanding of history and power in this kountry. This kountry has already been in a civil war, the remnants of which form the foundations of the current cultural war. The 2020 rebellions resurfaced white anarchists historic apprehension toward Black insurrectionary methods, namely guns at protests/direct actions. We recommend they take a moment to reflect on the reality that, in the United States, Black people have been and will continue to be forced to face down white people who continue to act as proxies of the State. We intend to do as our ancestors did and use any means available to fight these people regardless of some white anarchists’ fear of guns. Idris Robinson speaks directly to this white fear in his open letter to Michal Reinhoehl (shot and killed a fascist in Portland):

“What the double-standard with regards to your situation reveals is how violence in America will always necessarily have a profoundly racial dimension. And it is precisely this--the terrifying core of racialized violence--that they are trying to repress when they lie to both themselves and others when they say that their issue with what you did is a question of strategy or tactics. I mean, give me a break: in a country that is literally saturated in violence, from blind mass shooters to murderous police, no one can honestly claim that the few shots that you let off could in some way be misconstrued as an escalation. There is simply no way to avoid the spiral of violence that began at the very moment when the first wooden ships reached the shores of the Atlantic.”

The white left in the current era must become willing to not only come to terms with the fact that some of their own family members, so-called friends, and idols will have to be put down by revolutionary violence if they act as violent state proxies, fascists, or racists. Those that do not understand our struggle may see this position as “adventurism”, but it is only common sense to mitigate racialised violence with a united front of counter-violence that transcends the psychological and social racial boundaries of settler-colonialism at subsequent stages of the armed conflict. In other

words, we seek to generalise the armed conflict amongst the people on the north american peoples united against the state, all states until the hegemonic machinery and points of production for ruling class consumerism are reduced to ashes.

Greg Jackson critiques the white left in his *“Authoritarian Leftists: Kill the Cop in Your Head”* in the world of anti-blackness, whiteness is law and order and white people are deputized (made into cops) by the state meaning their actions are a result of the “natural way of things”. White led communes and autonomous zones replicate the state’s actions on a smaller scale. This is what Jackson alludes to in his essay, real white “comrades” know the importance of Black autonomy is killing the cop in your head. Thus, We will fight against white led “autonomous zones” as they replicate the state and antiblackness as shown in 2020 in the aftermath of George Floyd rebellion, when in the autonomous zone named CHAZ two black boys ended up shot and one ended up dead. This is not insurrection at all. Insurrections require deep networks of care and love or they will die out before they can develop into a revolutionary movement. These white led anti-black autonomous zones must be attacked with the same ferocity that we attack the cops and the white militias. It goes without saying that white leftists who kill black people and reimpose white supremacy onto supposedly liberated spaces are our enemies.

Supposed black anarchists or leftists who cover for the White left’s violent and anti-black tendencies must be considered enemies as well. Tokenism exists within anarchist spaces. We are tired of yt people claiming that their groups are multi-racial and unproblematic because they have the one token black anarchist. It is strange that anarchists and the Left in a broader sense seem to understand tokenism less well than liberals though this speaks to the failure of any sort of yt anarchist political orientation towards race. It is clear that anarchism exists as a scene rather than a revolutionary movement when there are multiple majority white “anarchist” projects in majority black or POC cities. Furthermore, publishing a black anarchist book or having one black anarchist in a project does not mean your anarchist project is not colonial. If you are a black anarchist covering for white anarchist nonsense, you should stop. We don’t care if these people are your “friends”. If they reimpose white supremacy on black people even as “anarchists”, they are enemies.

The white left, for the first time in human history, must collectively prioritize the rest of the world’s wellbeing in mind over their own cultural racism and privilege. It is the job of all other oppressed affinity groups across the kountry to ensure that they have no choice but to act in our interests. We are not our elders. We do not have the time or patience to wait for the white left to garner the moral capacity to become true revolutionaries while we are slaughtered like dogs in the street. Either you will aid the revolution as comrades or we will attack you as enemies until you do.

## So, What Should Be Done?

*We must begin to realize that only the community will effectively deal with the matter. Not the racist capitalist system, with its repressive police, courts, and prisons. Only we have the psychology and understanding to deal with it; now we must develop the will. No one else cares.*

- Lorenzo Kom'boa Ervin

We believe in evolutionary and revolutionary change. Evolutionary change means prefiguring ourselves and immediate comrades towards organizational changes we can make on a daily basis towards our end goal of revolutionary abolition of the state. Our evolutionary changes opens the door to an insurrectional opening once the catalyzing event occurs. Revolutionary change is the accumulation of actions by the whole of the people that result in a mass movement with the goal of aiming of all humanity's resources towards the abolition of the state, capitalism, authority, and domination, simultaneously. It involves the whole of humanity in constant conflictuality with forces of oppression on an interpersonal, community, national, and international level. The insurrection is a social event which means it has social implications that span international borders. Thus, as the shackles of empire and militarism are attacked and destroyed in this nation-state, it should be made it all the more clear in other nation-states how to attack and destroy the nation-state. If amerika falls, so too does the manager of international capitalism and colonial oppression.

The Black Insurrectionary position seeks to replicate the destruction of "3rd Precinct" everyday and the takeover of an "Attica" every hour, until the amerikan project is deceased and the land has been reclaimed from those who it was stolen from. In other words, it seeks endless rebellion and uncompromising counter-violence to deconstruct our violent world into the peaceful one from which it came. Since the state and fascists will not hesitate to use all weapons at their disposal to achieve its aims, so will we to achieve the complete abolition of amerika as a nation-state in the social, economic, political, and cultural sense.

In order to prevent the isolation of Black & Indigenous revolutionaries and subsequent concentration of repression by the repressive state and fascist populists on our communities, the movement will necessitate the courageous actions of revolutionaries of every color, creed, and age but especially, white revolutionaries. We say this because of your historic failure to act. We refer to the words of Black Liberation Army's "*Open Letter To The White Left In The U.S.*",

"It should come as no surprise then, that the White-left in modern western nations is inhibited by their own urge for bourgeois legitimacy, by their own cultural racism, and by the very process of western, working class cooptation. The sum of these parts add up to the revolutionary bankruptcy of the traditional White left in the modern capitalist nations".

We believe that for any actions taken by white anarchists, socialists, communists, and whatever else you all call yourselves to be truly “revolutionary”, not only must they attack the white power structure at the pressure points of capital in solidarity with other assisting forces, but they must attack the white power structure at home. This means creating the psychological break with whiteness and privilege required for establishing new relations amongst human beings and nature itself. In other words, to preserve the lives of countless of oppressed Black and Brown folks across the world, you all will have to betray your white privilege to become a white infiltrator with intentions of eliminating your former family, friends, and compatriots who refuse change. Third World peoples do not have the time to wait for the “difficult conversations” you had during summer 2020 while now at the beginning of 2022 we have endured numerous show trials since the 2020 uprising illustrating the amerikkkan justice system’s desire to avoid further rebellions by the masses by convicting infamous murderers like Chauvin and Potter while the rest of the pigs get away with murder and assault everyday. This means white revolutionaries organizing their own anti-fascist teams to combat the state and fascist racism beyond just staging counter-demos. In the example of Michael Reinhoel, shoot to kill.

We do not believe in statist solutions. We do not support efforts to “seize” state power, either. Each of our methods is means towards an ends of abolishing the state. We prefer methods of decentralized organizations based on common affinities. Once they are formed we should grow these networks among local groups to national and international networks of aboveground and underground self-organized resistance. We prefer making decisions in a series of votes and consensus gaining meant to garner understanding and establishing solidarity among comrades in our network and in our communities. We encourage exchanging skills, arts, and trades and exploring new ones to eventually teach to others as we create new structures for employment and self-organization within our communities. We will have to develop our own autonomous trade unions and apprenticeships to challenge the state and white racism.

We currently observe what can be considered low-intensity warfare among the young people in our communities. We must initiate the creation of forums and safe spaces to discuss community-led interventions to deter, redirect, and reduce the violent and criminal activity in our community at which point the hatred, despair, and desolation that plagues our community will be converted into revolutionary armed joy against the state and capitalism.

We observe that we must cultivate a revolutionary culture to provide a counter-hegemony to the dominant themes of intracommunal violence and personal robbery offered by reactionary rappers Lil Durk, King Von, Pooh Shiesty, Dolph, Nudy, other celebrities in their music, and even the sports celebrities. These celebrities have been given amenities and been propped up by the white power structure for a reason. This does not mean we cannot mourn them or enjoy their arts and talents but that we should understand their purpose and function. There is a reason that rap went from an art form that was inherently conflictual, underground, and counter-cultural to one that has been coopted and mass-produced for profits and for white people.

A reactionary life of drugs, money, and fame may be appetizing to some but we must somehow invent ways to make the coming insurrection more appealing to black youth. We can build new futures based on our own dreams and communities. We must develop a new sense of care for one another and develop solutions to the violence by any means necessary. Let it be known, we can attack the state and white supremacy and build our community simultaneously. “Black-on-Black”, is a white invention as is “crime” itself. Abolish the kkkriminal justice system. Free all political prisoners. Free Larry Hoover. Free Tay-K. Free Palestine.

A failure to act is an implicit approval of state-sanctioned genocide. For example, as of December 2021, Black people comprise 29.6% of Chicago’s population but we account for over 80% of all homicides. So-called “Hispanics” comprise 28.8% of the city and just 13% of all homicides. Whites comprise 50.0% of the city and just 3.8% of all homicides. We observe that the vast amount of mental health and educational resources, healthy food options and after-school opportunities lie in the white communities. These resources must be seized and reproduced in all underserved communities over the course of the insurrection to benefit all. Otherwise, they must be destroyed to benefit none. Revolutionary violence must be spread to the affluent areas in the suburbs to create a new field of conflict for the state. It must be understood that the city, county, and state police, and by extension, the army are what holds this violent arrangement in place, by force and so, they must be destroyed by force. We must build networks of protection and movement from within our communities and without.

History tells us to be wary of the inactive white left. We believe that inaction is complicity with white supremacy. In fact, we believe it to be intentional, willful inaction due to the characterization of collective movements for liberation by white people since we were brought here as slaves. Throughout our time on this continent, a status quo with Black people as victims of racialised violence via slave owners and later police has been quite acceptable. We understand that we are still slaves in this system and you understand this as well. A failure by the white left to organize a counter-violence to white supremacy in coalition with us will result in the Black people left with no other choice but to move on the white community with force. If nothing, we will prove that we are all humans that can live and die by violence all the same and at the same rates. In the words of Elder George Jackson, “Our pledge is to arms, our enemies are institutions and anyone with vested interests in them, even if that interest is only a wage. If revolution means civil war — we accept, and the sooner begun the sooner done.” That is our pledge, in the event that a revolutionary movement against the ruling-class is made impossible by the white masses across the kountry.

Black youth matriculating through the amerikan university system must accept the university as a site of white supremacist machinery and work to bring its operations to a halt. We must take whatever information is useful from the universities back to our communities to educate, organize, and propagandize those both younger and older than us. The university, much like the state itself, only serves the further development

of the neo-colonial class of Blacks and the cooptation of movements led from the bottom-up. The university in amerika whether “historically black” or otherwise is the pit of “crisis management” that will never find actual solutions for the problems it creates. It is a cesspool of student loan debt and worker exploitation. We must leave bourgeois affiliations and corporate opportunities behind at the universities in preparation for the coming insurrection.

The only alternative for the masses to revolution is death. The protracted genocide of the oppressed masses are reacting to COVID-19’s political, social, and economic crisis and the slow collapse of this system. The time for change is now.

The current insurrectionary tendencies in the United States tend to lack any sort of genuine politics which are anti-oppressive or move from the Margins as the Anarkatas say. They instead tend to be dominated by men who just want to fight. We do not believe there is revolt without care. This is completely erased by the “insurrectionary” tendencies who dismiss all collective care work and long term organizing which prioritizes building relationships as “liberalism”. We fail to understand how a serious insurrection will be sustained without deep networks of care and love let alone supplies and infrastructure.

We must begin to build dual-power. We want to be clear that dual power if it is built must be tied to the insurrection. Leftist cooperatives or projects that do not serve the spontaneous revolt of the black masses are simply vanity projects. We see this with how most “infrastructure” built by leftists was irrelevant to the George Floyd uprising. Dual Power, as defined in anarchic terms, is the strategies of building self-organized counter-institutions to combat the current decadent, capitalistic institutions. Emphasis on the *combat* part of that sentence. As we build our affinity groups we must come up with new alternatives to the current power structure to begin building. *New systems of justice, fresh food gardens, community entertainment, community defense, etc. As institutions are destroyed, new consensus-based, horizontalized, self-managed structures will take their places. At the same time, we must begin armed squatting of our homes and community centers to defend ourselves from gentrification and forced displacements.* It may end up being inevitable, but we will also need to find suitable places for communities in the event our homes are destroyed by the capitalists’ military bombs. If it happened to MOVE in 1985, it can and will happen today. We must build solidarity networks and create anarchic solutions to the problems faced by those seeking refuge at the southern border. We must do this all at the same time and the revolutionary anarchist minority can start action in these areas immediately.

We should especially prepare for an escalation in repression and likewise in resistance should a general strike develop among the Black masses over the course of the next insurrection.

We must have support and love for our homies who are locked inside of the prison for making the ultimate sacrifices for the revolution. We must also devise clever ways of aiding in their liberation. The actions of building care networks (we don’t use mutual aid as we feel that this term has mostly been co-opted) is an insurrectionary

act if done in a way that does not mediate conflict with the State. Many of our comrades cannot risk arrest, injury or death because they are providers for others or they cannot participate on the streets because of disability. If insurrections are meant to be social and not military, why do most insurrectionist formations and theories seem to not include the most marginalized in our society? Everyone must take part in an insurrection, and that requires us to center the most marginal.

## The Prospect of Revolutionary Violence

*This section is dedicated to Sandra, Rekia, Breonna, Korryn, and many more we lost too soon. We love you. We fight in your memory.*

*I don't have any illusions. Words are or are not comprehensible according to their actual situation. We only give them space and credibility if they fall into our patterns and certainties. Defence mechanisms become automatic and prevent the very reception of the message. If that was not so the illuminists would have definitively changed the world two hundred years ago.*

- Alfredo Bonanno

Make no mistake -- we intend to use every method at our disposal to create a new world. This means in a literal sense, changing ourselves, the world around us and the conditions of those changes by any means necessary. We understand the revolutionary potentiality of violence over the course of the insurrection and subsequent revolution and we also understand the reactionary propensity for violence in the current era of fascism, racial, sexual, and cultural oppression. We understand one of the tools historically at our disposal has been the utilization of arms in the struggle. It is important to note that this is not the only tool at our disposal but an ongoing development and synthesis of current and past struggles. Indeed, both the life and blood of our current youth, elders, and ancestors has been spilled to provide the economic impetus for the current ruling-class corporatist arrangement and the sociological impetus for the pervasive racism, sexism, homophobia, and transphobia plaguing our current society. This system cares nothing about our lives, families, homies, or hopes and dreams which we intend to protect with arms as we attack each of capital's major productive points. These strategies will develop as future rebellions develop into longer insurrections, as society shifts into a condition favorable for the revolution that is fomenting amongst the masses of dispossessed peoples. We will unite, inspire, and protect our community and build bonds with autonomous armed revolutionary projects across the world. We desire the destruction of capital, policing, racial and sexual hierarchies, and all forms of sexual and cultural oppression. The insurrectionary movement of the near future will build upon the aforementioned networks of care developed through revolutionary reclamations of capital and property to create conditions favorable to the growth of a Black Commune. The only way to begin to protect these revolutionary projects while delivering blows to the state is by the understanding and proliferation of Armed Joy.

By “Armed Joy” we mean the self-organized armed struggle of the committed Black anarchist minority affecting and proliferating among the Black masses at-large to provide the gasoline fuel for the wildfire that will eminently burn the amerikan plantation in all its capitalistic splendor and initiate the long-awaited social revolution at the critical moment. By initiating this attack, we intend to give our children a fighting chance to survive on this planet regardless of the fears of white amerika in general and the almost non-existent white left in particular here in amerika. We understand from the fatalities in kenosha that the state will aid fascists that kill whites that stand against their occupation whether peaceful or otherwise. We encourage dedicated non-Black comrades to struggle against oppression in their own unique ways while genuinely learning from the struggle and leadership of Black comrades. We must find the best ways to resist together. However, we will not hesitate to use arms against those “allies” who willfully misinterpret our actions to justify state repression or whose reckless actions engender harm upon our communities. Due to the capitalists’ greed and reckless oversight in placing copious amounts of drugs and guns in our community, our communities are already well armed and proficient in the use of arms as tools of destruction and self-hate. They will be made to see who the real enemies are. The weapons the capitalists created to destroy us will destroy them. The capitalists’ international weapons manufacturers are also our enemies. There can be no peace until all the oppressive modes of production are destroyed. That is, our last gun will be stripped and destroyed when the last capitalist is dead and the methods of reproduction for firearms are no longer necessary. Until then, no cop is innocent and no military officer will be spared our bullets. We urge the new klan-type militias to think twice before attacking our communities as well. We will not hesitate to defend ourselves. We argue that the violence that once made racial capitalism in general and amerikan fascism in particular the cultural and economic center of the world will destroy it and all it represents from the inside-out.

## **Conclusion**

This document by no means speaks to the objective will of the black masses as a whole. It is simply a reflection by a few anarchist comrades in our an attempt to document insurrectionary anarchism and the path forward to insurrection as we see it. This document was a product of conversations and struggle. We welcome critique, study, and practice. The social revolution in the context of the United States will flow from the actions of the black masses. While anarchists and insurrectionaries must participate, we understand the black masses guide the course of history. We cannot emphasize enough that black anarchists and revolutionaries must take up the critical questions of revolutionary strategy in the coming years. We cannot allow white anarchists or Black vanguardists to dictate how we move. We hope to see this document generate discussion, organization, and further action within black anarchist circles. While many black anarchists are busy doing anarchy, we do feel that black anarchist thought needs more reflection and theorization in order to broaden the scope of what is possible. Forward ever towards black insurrection and the black commune!
