Assembled on Wurundjeri Lands

Leave the lakes free
Leave the rivers free
Let the waters run free
Leave the Mound Springs free
Leave the airways fresh
Let the babies and the people live free
Live Life

We are calling on all governments
local, State and Federal levels -
to fully support us in this event
and to join in
and be part of this peaceful movement
to stop this unnatural destruction.
Nobody and no Country
deserves this harsh treatment.
We deserve the good way,
the peace way.

We are appealing to all different mobs
to share and join our Coming Home -
build a humpy,
whittle a stick, make a spear,
put one up to symbolise your own mob.

Old Lake Eyre is talking, calling...

The Old Lake has set this up from the start
for this purpose
to wake the people up to live for Life.
The Old Lake has laid the trap
set the bait
wanted them to come:

Old Lake Eyre is calling us Arabunna:
"Come Home
for Life.
Begin a new and sweeter way -
being free.
Ease the pain. Become one again."

"Come and try me!
You've tried the rest of the world,
I'm waiting for you...
Keep taking the water...
Come on Western Mining
Keep sucking, man
Keep coming in
and trying to break me
and see what happens.
They don't know me.
They are trying to break me
by pulling my arms apart?
Can you rip your baby apart?
Can you rip your grandmother apart
Can you pull your grandfather apart
They don't know me.
Why try and inflict the pain on me
and my People?
Because I have the recipe
for Life..."

That's why the Old Lake set up the bait...
to draw the people...
to wake them up...
The time has come
to come and listen
to make peace
not war.

211 years ago Old Lake
knew this mob were coming...
115 years ago they came to Lake Eyre
The Old Lake made these fellas come
to work out
the right way
from the wrong way of living
since the interference.
This is why this change is needed -
for the healing and the blessing.
Say Sorry to the Old Country
to the Old Lake.
Bless it.
Love it
and keep on saying: Sorry
and Sorry and Sorry
until it's done
and our sovereignty is respected...

The Old Lake is too old...
Too old to be messed around with
Too old.
The Old Lake is lonely
sitting down himself
calling for the kids and families:
"No people, no kids. They've gone
Took 'em away."
